INTRODUCTION

Bibury Parish Council seeks to be pro-active in ensuring projects are properly planned and budgeted for. This is a living document that can be added to as concerns/issues and aspirations are identified and will be updated regularly.

Proper planning of projects should ensure that funding is set aside and budgeted for. Timescales should be realistic to avoid any sudden hike to the Precept. The budget should be reviewed regularly against the Action Plan to ensure that projects remain on track.

	INTIATIVE TITLE	AIM	ACTIONS	TARGET DATE	BUDGET	UPDATE
